EXHIBITOR PACKAGES (27.09. - 28.09.2022)

The Crash Test Centre:

The event hall, newly built in 2018, is an integral part of the 31,000 m² CTS crash test facility.

As an event venue in a state-of-the-art industrial setting, CTS offers unique crash events and specialist seminars unlike any other in Europe.

CTS is also the service provider when it comes to crash tests for accident reconstruction or the performance of standard crash tests for vehicle restraint systems.

And that is precisely why seminars here are a very special experience, far removed from monotonous conference rooms.

BRONZE:

The exhibition area opens up around the catering area so that your stand is in the constant field of vision of the participants during the breaks. Sufficient time to walk around the exhibitors is included in the programme planning.

Become a part of the event and secure your stand space now:
